The College of Built Environments invites nominations of individuals to be considered for addition to the “Roll of Honor,” the list of names inscribed on the frieze of the Architecture Hall Auditorium (Room 147 Architecture Hall). It has been over six years since names were added to the Roll of Honor.

The Roll of Honor was created in the mid-1980s as part of a remodeling of Architecture Hall. Names were added in the early 1990s, in 2002 and in 2007. The fifteen individuals who have been recognized to date are Elizabeth AYER, Fred BASSETTI, Carl GOULD, Lancelot GOWEN, Rich HAAG, Norman JOHNSTON, Paul KIRK, Wendell LOVETT, Lionel PRIES, B. Marcus PRITECA, Robert REAMER, Victor STEINBRUECK, Ellsworth STOREY, Paul THIRY, and Myer WOLFE.
As in previous years, the criteria for selection, established in the 1990s, are as follows:

Persons whose names are recorded on the "Roll of Honor," on the frieze of Room 147 in Architecture Hall, have been and shall be persons whose careers, pursued within one or more disciplines or professions of the College, have been of genuinely extraordinary significance. Indeed, a person whose name is found on the "Roll" might in some way be considered inspirational or a model of professional achievement. Honorees are not necessarily graduates of the University of Washington, nor of any other educational institution in the region, but they must be closely associated with the school or the region or both; thus, these persons can, in some way, be construed as ours to claim. Ideally honorees will have had careers in this region lasting at least two decades. Honorees have been and shall be at or past retirement from their full-time duties; posthumous recognition is appropriate as is recognition of those still among us. The honor should be sufficiently extraordinary that in the normal course of events one would expect that only a few names would be added to the frieze per decade.

Those wishing to make a nomination to the "Roll of Honor" should provide (1) the name of the individual being nominated; (2) a biographical summary; (3) a complete list (or other detailed description) of the individual’s achievements; and (4) a clear statement explaining the significance of the individual’s contributions. Please note that the committee that will evaluate nominations will not have the time or capability to carry out detailed research on the individuals nominated; therefore, as much detail as
possible should be provided when the nomination is submitted. In 2006-7, successful nominations typically included at least ten pages of supporting documentation.

Nominations should be sent to: Roll of Honor Committee, c/o Dean’s Office, College of Built Environments, University of Washington, Box 355726, Seattle WA 98195-5726, Attn: Jeffrey Karl Ochsner. The deadline for receipt of Roll of Honor nominations is September 19, 2014.
